**Psychological Thriller DEEPER AND DEEPER Debuts in Hollywood with  
World Premiere at 11<sup>th</sup> Annual Polish Film Festival on April 26**

(HOLLYWOOD, CA) Critically acclaimed Polish producer and director, Mariusz Kotowski, who directed the award-winning documentary, *Pola Negri: Life is a Dream in Cinema* will debut his psychological-thriller feature film, *Deeper and Deeper*, during the 11<sup>th</sup> Annual Polish Film Festival Los Angeles. *Deeper and Deeper* screens at 7:00 PM at the Laemmle Sunset 5 Theater located at 8000 Sunset Blvd in West Hollywood, CA with its world premiere on Monday, April 26, 2010.

*Deeper and Deeper* stars EMMY Award-winning actor David Lago from CBS' "The Young and the Restless" as well as Cyndi Williams and LisaMarie Lamendola. The Executive Producer of *Deeper and Deeper* is Heidi Hutter. The Cinematographer is Leon Rodriguez with Williams doubling as the writer. Gilda Longoria and Kotowski produced *Deeper and Deeper*.

*Deeper and Deeper* revolves around the classic story of "boy meets girl" goes horribly wrong when, Ryan (Lago), a charming young bank teller becomes instantly obsessed the moment he sees the frosty, career-driven Angelica (Lamendola). Consumed by his curiosity, Ryan begins stalking Angelica, desperate to know more about her. He stumbles upon the perfect opportunity to spy on the woman of his dreams when he is hired by Dolores (Williams) as a part-time maintenance man and moves into an apartment across the street from Angelica. As the line separating love and lust becomes harder to define, his growing fascination sends him deeper into a bizarre world of obsession and infatuation, but things are not always what they seem in this twisty tale of psychological suspense.

Director Kotowski, who is also credited with the story, smiles, "*Deeper and Deeper* is a highly provocative and voyeuristic film, where you can never be sure who is watching, or who is pulling the strings." Kotowski continues, "There is a scintillating score with original music from composer Rick DeJonge reminiscent of the 40s and 50s that helps to create a stirring edge-of-your-seat suspense throughout the movie."
